„Fazit: Metal, moderner Ausrichtung, mit ordentlich Bums in der Hose.“

"The whole album is an explosive slam, which not only carries you into a whirlwind of heavy sounds, but also can tickle with melody and catchy licks. In the flood of this type of bands, Unforged is definitely worth checking out, and the music itself will make it be remembered."

„Dabei sind dann Songs herausgekommen, die schön mit Tempowechseln spielen, geile Riffs liefern und die verschiedenen Gesangstile passend zu den Geschehnissen einsetzen. Irgendwo zwischen Thrash Metal und Groove Metal finde ich mich teilweise headbängend an meiner Tastatur sitzend.“

„Fazit: Kompakter Groovemetal mit prickelnden Spannungsbögen, der sich vor großen Namen kaum verstecken muss. 7,5/10“

"Eye For An Eye could have appeared even in 1995, today this energy bomb, which can now be stuffed into a retro box, has a particularly refreshing effect."

8.0/10

"They create are quite diverse and, above all, very dynamic, heavy with a very strong impact, characteristic of Groove Metal, specifically with a hardcore crack (simple, but aggressive), thrash, fast and peculiarly melodic licks (a bit technical, sometimes moody) and crushing death metal riffs."

"A band that exudes potential resilience, a band that you can have a lot of fun with as a fan of well-crafted modern pounding metal. Definitely competition for the big wave of metal acts that this genre brings."

The Viking in the Wilderness

„Excellent!“

"Eye for an Eye" strikes me as a solid debut album by a promising band. I suspect many of those with an interest and a passion for thrash metal in general and an old school based variety of the style in particular will find this album quite the interesting production to explore. A solid album, and then especially for the right audience."

"An honest and sincere heavy metal, of good caliber, generated by an incredibly powerful "line up".

8/10

"The production is just huge, the eight tracks hardly suffer from any weakness: the whole is very coherent for almost 40 minutes and makes the group to say the least believable"
